## Spin the Loop!

As the first spinning coaster to include a loop, the Spinning Coaster Non-Inverted Loop is guaranteed to be an absolute eye-catcher.

Immediately after leaving the station, a sharp right turn takes full advantage of the spinning options available creating a nice smooth rotation. While still in this movement, the S-Car goes full speed ahead to a height of 22 m (72 ft), followed by a sharp drop back to the ground. But there's no time to take a breath, because the coaster's highlight is up next: the 18 m (59 ft) non-inverted loop offers a magnificent panorama and a never-before-seen vertical roll during both the ascent and the descent. The spinning car then shoots through a camelback with a maximum amount of airtime. For the finale, an Immelmann turn, a spin and a unique flip give passengers a true spinning sensation one last time. The flip is similar to a camelback, but one that

### Spinning Coaster Non-Inverted Loop

- Type: S-Car Coaster
- Number of cars: 7 S-Cars
- Ride Time: approx. 110 s
- Track length: 550 m (1,800 ft)
- Height Lift: 22 m (72 ft)
- Height Non-Inverted Loop: 16 m (52 ft)
- Max. speed: 70 km/h (43.5 mph)
- Base area: 60 x 50 m (200 x 169 ft)

changes directions at its summit. The ride continues on with just as much variation as it heads back to the station with a slalom and an easy 540° spin.

Despite the thrilling aerobatics, this ride is completely family-friendly. Moderate accelerations, lack of inversion and the smooth ride MAURER S-Car coasters are known for all equal one great ride with a high degree of entertainment value.
